

JACK BOOTLE

BESPOKE SHIRTS

Hand Tailored

FINEST TWO FOLD 100% COTTON

JACK BOOTLE

BESPOKE SHIRTS

Looking good is good for business.

Jack Bootle is perfect for hard working, time-poor business executives, or anyone looking for a quality alternative to an off-the-rack shirt.

Who is Jack Bootle?

Jack Bootle is an Australian based company, offering the traditions of Savile Row tailoring at an affordable price.

How is Jack Bootle different to other shirt companies?

Unlike many other companies that offer made-to-measure options, Jack Bootle *specialises in bespoke shirts*.

What is bespoke?

Bespoke refers to the making of something specific to each individual client's specifications. With a myriad of design options, hundreds of fabrics to choose from and 12 accurate body measurements, Jack Bootle has earned the term bespoke.

Why choose Jack Bootle?

- Time poor?** Your fitting and consultation to suit your schedule. Delivery to your door in a mere four weeks.
- Hard to fit?** Perfect fit, tailored specifically to your body shape.
- Want more choice?** Extensive range of design options spanning cut, collars, cuffs, front, back and more. Hundreds of fabrics to choose from.

Jack Bootle uses only the highest quality 2-ply 100% cotton fabrics.

Our consultants offer practical style advice without the constraints of a limited range.

A sound investment

\$150.00 for one shirt or \$399.00 for three.

Pricing is competitive with comparable off-the-rack shirts, but with numerous additional benefits.

How does Jack Bootle do it?

What others spend on their shop front, Jack Bootle invests in the shirts. We believe the final product and service delivery is key, so this is where we invest our resources.

Company we keep

- Deutsche Bank
- Invesco
- Telstra
- AIG
- Oracle

Proposal

We'd like to help your team dress for success.

Just like body shapes, we understand that every business is different. We work within the unique parameters of your business to make this a convenient and simple service for you and your staff.

Two common approaches are;

- To visit your workplace at a pre-arranged time when staff are available, or
- To make individual appointments at a time that suits each staff member, be it at their home or office.

“You never get a second chance to make a first impression” - Will Rogers

Whether it's winning that all important pitch or simply going about the nine to five, being comfortable and confident in what you wear makes a difference. Jack Bootle offers the benefit of improving employees' confidence and corporate image - and it's so easy.

The fitting process

Each fitting takes approximately 45 minutes per person. Clients remain fully clothed at all times. All details are input into our specifically designed, unique ordering programme.

Next steps

For further information, or to arrange a Corporate fitting, please contact Hamish Barclay.

We're happy to meet with you and show you samples, fabric swatches and explain the unique Jack Bootle ordering process.
